

# Helping The Butterfly Hatch

# COURSES 2022

## HORIZONTAL COMMUNICATION

Vertical  
Colonial  
Obedience  
Alienation

Horizontal  
Decolonised  
Cooperation  
Bonding

Horizontal Communication seeks to connect people rather than keeping us trapped in power struggles. It is optimal for interactions in Self-Directed Education Facilitation and essential for supporting PDA (Pathological Demand Avoidance).

Intro - Jan - March 2022 Practice, Troubleshooting and advanced applications April - Dec 2022

## SDE FACILITATION

The way that you interact with a Self-Directed learner and support their Self-Directed Education (SDE) process can have a big positive impact. This course is designed to build your confidence so that you can become an SDE optimiser – instead of a well-intentioned saboteur!

Intro - Jan - March 2022 Practice, Troubleshooting and advanced applications April - Dec 2022

## SDE FOR PDA

Self-Directed Education is a blessing for any child, but probably an absolute necessity for PDA .

Appropriate support is crucially important for PDA in all life circumstances including SDE settings – and seldom achieved without significant understanding of how PDA actually works. This course will build your capacity to understand both SDE and PDA and support effectively. All 3 course threads work together for SDE for PDA

Intro - Jan - March 2022 Practice, Troubleshooting and advanced applications April - Dec 2022

## PRICING

Horizontal Communication - \$60 per month for course, (includes Support group membership) or \$15 for Support group membership only (assumes you have already attended in-person course.)

SDE Facilitation - \$60 per month for course, (includes Support group membership) or \$15 for Support group membership only (assumes in-person course attendance or equivalent experience.)
